

Christmas Cook-a-long with Jane Rocky Road Christmas treat!

You will need:

125g butter

300g chocolate (broken)

3 tbsp golden syrup

Broken biscuits

Mini marshmallows

Other ingredients to mix in: Dried fruit (Morello cherries and apricots are really good), bits of sponge cake, meringue, chopped up chocolate bars, or even dried chilli flakes!

Mixing bowls, spoons, bun tin and muffin cases

Microwave, pan on a hob

Fridge or cool place

If you are using a microwave, cube the butter and put it in a microwaveable bowl with the broken chocolate and the golden syrup. Heat the mixture for 30 seconds at a time, mixing well after each blast. You want the mixture to melt together but not to boil.

If you are working with a hob or stove, heat the ingredients gently until they melt together. Let individuals mix together the crunchy and chewy ingredients (enough to bind them together) and then spoon into the muffin cases. Set the rocky roads to cool and enjoy this afternoon at the Zoom meeting (or straight away if you can't wait!).
